

## Sports Premium

2018-19

### P.E Statement regarding Primary Schools Sports Funding 2018-19

#### Primary Schools Sports Funding

The Government is providing substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and is going directly to primary schools to spend on improving the quality of sport and P.E. for all their children.

#### Purpose of the premium

The government has provided this additional funding to improve provision for physical education (PE) and sport in primary schools. This funding has been ring-fenced to be spent on provision of PE and sport in schools, to improve the quality and breadth of PE and sport provision and pupils' lifestyles and physical wellbeing in order to:

- increase the participation and success in competitive school sports
- show how inclusive the physical education curriculum has become
- extend the range of traditional and alternative sporting activities
- improve partnership work on physical education with other schools and other local partners
- link PE with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills
- give a greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health

#### How much premium do we receive?

For the academic year 2018-1 we have been allocated £19,080. We supplement this dedicated funding from our other funding to enhance the provision for the children.

#### How do we spend our Premium?

In school the majority of the funding for sport has been used to employ additional qualified staff to deliver consistently high quality P.E. lessons in EYFS to Year 6 from **Wickersley Partnership Trust**

#### Provision Details

The service of delivery will be one full academic year and will run from the week commencing Monday 3<sup>rd</sup> September 2018 to the week commencing Monday 15<sup>th</sup> July 2019. The offer includes the provision as indicated below:

#### Sports Coach

A sports coach for 2 days to deliver PE from 9.00 until 3.15 including 2 after school sports clubs a week for no longer than 1 hour.

#### Swimming

WPT has a swimming pool resource. The SLA will include, free use of the facilities for 11 weeks of swimming tuition for one year group to complete additional swimming lessons, ***including transport***.

#### Masterclasses

Each half term schools will have access to the delivery of after school masterclass events for G & T pupils (A different sport each masterclass). ***Venue costs and team transport to and from central venue will be included in the SLA.*** Local clubs will be invited to these events to support and provide exit routes for G&T pupils.

## Sports Festivals

The SLA will entitle participating schools to two sports festival systems.

- The current festival system which supports and enhances opportunities to compete across Rotherham. This system can lead to entry to the School Games Festival
- A Wickersley Partnership Trust Festival of sport each term.
  - Autumn Term – Football Festival (Venue and transport cost for team included)
  - Spring Term – Netball Festival (Venue and transport cost for team included)
  - Summer term – Athletics Festival (Venue cost included – all schools may bring whole key stage to support)

## Fixtures and competitions

In addition to festival competitions, interschool fixtures will be arranged by sports coaches for all level entry (Not just G&T)

## Elite Football Academy

WPT will provide a coach and venue for an elite WPT football team, who will train each week at a central venue. Players will be selected following group trials. A subscription charge will apply of £50 including kit, training, venue and fixtures organisation. This academy will be weekdays only in order to avoid clashes with league fixtures and training where possible.

The **Sports Premium** has also been used to provide additional swimming sessions for those children unable to achieve the basic requirements of swimming safety, health awareness sessions in the curriculum such as Drugs education, body image, alcohol awareness, Sex relationships Education plus provision for a wider range of PE activities through outdoor adventurous activities in Years 4, 5 and 6 in the form of residential visits. This dedicated funding has also been used to take children to the English Institute of Sport to participate in competitions to improve partnership work in physical education with other schools and other local partners. The pupils all now take part in a 'Daily Mile', which sees our children run or walk for 15 minutes each day. This has not only improved fitness but also concentration. Year 6 pupils have received 'Bikeability' training and the whole school 'Walk to school' campaign which all contributes to promoting a healthy and active school.

## Additional After School Clubs

This includes:

- After school clubs 2 hours per week £4233
- The delivery of 1 hour per week of cheerleading delivered by a qualified dance teacher at a cost of £1260

## What has been the impact of the funding?

Increased participation in PE at school.

1. Increased participation in inter school competitions. We are proud of our pupils' willingness to take part in new and existing sporting tournaments and so far this year we have taken part in more inter schools competitions than previously - 7 different sporting competitions within the Rawmarsh Cluster. These have included cross country, in which several of our pupils reached the local finals and area finals, Boys and Girls football both at under nine levels and under eleven levels, High Five netball, Basketball, Hockey, Sports hall athletics and Dance at the movement evening when there was an increase in the number of participants from the school. This year will see the debut of our cheerleading squad at competition level.
2. The increased participation levels for after school clubs and festivals was driven by the Sports Coaches and teaching staff, who not only improved the quality of provision but also raised the children's aspiration to take part as well as aiding in the selection process.
3. Registration with the Sainsbury School Games and achieved the Gold standard kite mark as well as an Outstanding Contribution to South Yorkshire School Games award.

4. Increased participation in an inter schools day of competition for Key Stage 1 to improve partnership work on physical education with other schools and other local partners. The PE funding allowed us to give our Year 2 classes the opportunity to take part.
5. Increased support for additional after school clubs.
6. New P.E and active playground Equipment to increase the standard of provision for all pupils within the school and provide a widening range of activities in both lesson and playtimes to improve their activity rates and enjoyment of physical activity.

#### Future plans

As part of our ongoing work we are also looking to develop:

- A **Change for Life** Club to engage the less active children.
- Training for SMSAs
- Leadership activities for Year 5/6 to support the above club.
- Provision for Key Stage 1 children
- An extended program outdoor and adventurous activities
- Professional development of staff- through the year all members of staff will have the opportunity to attend professional development courses to improve upon their own skill levels
- Equipment
